# IDLE MONEY

Money often lies idle awaiting opportunities for investment; but these opportunities do not come every week, month, or even year. In the meantime this money should be earning something; and it can, if you place it in this bank.

#### THE BREATH OF LIFE.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand, for throat and lung troubles." Guaranteed by Barclay & Groover, druggists. Price 50c and \$1.00. Trial bottle free.

#### An Ingenious Accusation.

"The favorite horse of the Chinese Emperor Tsi," said a Chinese statesman, "died through negligence on the part of the royal master of the horse. The emperor was so enraged at this that he drew his sword and would have run the careless functionary through the body.

"But the learned mandarin, Yentse, struck up the emperor's sword. saying:

"Sire, this man has not yet been formally accused of any crime. He deserves to die, but his accusation should come first. It is the law.'

"'Well,' said the emperor, 'tell me what he has done.'

"'Listen, you rogue,' said the mandarin, turning to the trembling master of the horse-'listen to a catalogue of your helnous offenses. In the first place, you have allowed a horse to perish that his majesty had intrusted i to your care. In the second place, it is on your account that the emperor became so exasperated that he was actually on the point of disgracing himself in all his people's eyes by killing a man for the sake of a horse.'

"'Enough,' said the emperor, appreclating the rebuke. 'Let him go. He is pardoned."

#### Presidential Coincidences.

John Adams was eight years older than his successor, Thomas Jefferson: he eight years older than James Madison; he eight years older than James Monroe, and he eight years older than John Q. Adams. George Washington ended his term as president in his sixtyfifth year, and so, too, did John Adams, Thomas Jefferson, James Madison and James Monroe. Thomas Jefferson and John Adams died on the same day, July 4, 1826, exactly fifty years after the signing of the Declaration of Independence. One other president, James Monroe, died on July 4. His death occurred in 1831.

Pains across the small of the back indicate something wrong with the kidneys, DeWitt's Kidney and Bladder Pills will quickly bring relief. A week's treatment for 25 cents. Act on the liver too. Sold by City Pharmacy.

### Resin.

The resin of the sboemaker and fiddler is obtained from different species of the fir tree-as the Scots fir, the larch and the balsam fir of Canada. It is well known that a resinous juice exudes from these trees, which hardens into solid tears. The clear juice itself, before it has dried up by coming to the surface, is known in commerce as turpentine and is in the main composed of oil of turpentine and resin. When the juice is distilled, the oil comes over, and the resin remains behind. When the distillation is carried on to dryness, common resin is formed, but when water is mixed with it while yet fluid the resulting mass is the variety called yellow resin, which is more preferred for most purposes because it is more ductile than the former, owing probably to its containing some oil.

### Graves and Gravediggers.

"Gravedigging is not a gay business," said a gravedigger, "but it is a very old one, and many curious superstitions surround it. One of these is never to buy a new spade. To dig a grave with a spade that is new is supposed to bring death in the family within a twelvemonth. Hence gravediggers buy their spades second hand as a rule. Another superstition with some is that a grave should never stand open overnight. It should not, they say, be dug till the day of the funeral. If it is made the day before, beware. There is a third superstition that if a cock crows once while a grave is being dug one friend of the digger will die; if it crows twice, two will die; if thrice,

To be respectable implies a multitude of little observances from the strict keeping of Sunday down to the careful tying of a cravat.-Victor Hugo.

### WELL WORTH TRYING.

W. H. Brown, the popular pension attorney, of Pittsfield, Vt., says: "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "they keep my family in splendid health." Quick cure for Headache, Constipation and Bilious ness. 25c. Guaranteed at Barclay & Groover's drug store.
